IOWA YOUTH CODE OF ETHICS

Youth are expected to be sincere, honest and act in sportsmanlike ways at all times. Youth represent the entire program and their behavior reflects on their parents, leaders, club and the entire youth program. All adults involved with the youth program, leaders as well as parents, are expected to set positive examples and serve as positive role models by what they say and do. Any youth who breaks the code of ethics or allows another person (adult or peer) to talk them into violating the code of ethics agrees to forfeit all prizes, awards and premiums. The youth may also be prohibited from exhibiting at this and future exhibitions including the Iowa State Fair and other county, state or regional exhibitions. Youth agree to follow these guidelines:

1. I will do my own work, appropriate for my age and physical and mental development. This includes research and writing of exhibit explanations, preparing exhibits (such as sewing, cooking, refinishing, etc), care and grooming of animals, etc. Adult assistance should help guide and support me, not do it for me.
2. All exhibits will be a true representation of my work. Any attempt to take credit for other's work, alter the conformation of animals, or alter their performance is prohibited. Copyright violation or allowing

others to complete my exhibit is considered misrepresentation and is prohibited.

3. I will treat all people and animals with respect. I will provide appropriate care for animals.
4. I will present exhibits that are safe for consumption. All food exhibits will be safe to exhibit and for judges to evaluate. Other exhibits will be safe for judges to evaluate and for exhibition.
5. All food animals that may be harvested immediately following the show shall be safe for consumers, and shall have met all withdrawal times for all medications, and be free of violative drug residue.
6. If any animal requires medical treatment while at the fair or exhibition, only the Expo veterinarian may administer the treatment. All medications that are administered shall be done according to the label instructions of the medication used.
7. My animal's appearance or performance shall not be altered by any means, including medications, external applications and surgical procedures. Any animal that is found to have changed its appearance or its performance shall be disqualified from the show, and have penalties assessed against the exhibitor, parent and/or guardian by the management of the fair or exhibition.
8. I will follow all ownership and possession rules and, if requested, will provide the necessary documentation.

9. I will follow all livestock health requirements for this fair or exhibition, according to the state health requirements as printed in the premium book of the fair or exhibition. I will provide animal health certificates from a licensed veterinarian upon request from the management of the fair or exhibition.
10. By my entering an animal in this fair or exhibition, I am giving consent to the management of the fair or exhibition to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. If the laboratory report on the analysis of any sample indicates a presence of forbidden drugs, this shall be evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the exhibitor, parent and/or guardian to prove otherwise.
11. I am responsible for my exhibit and I will not allow others to violate this code on my behalf. By my entering an exhibit in this fair

or exhibition I will accept any disciplinary action taken by the management of this fair or exhibition for any violation of this code of ethics and any other rules of competition of the fair or exhibition without recourse against the fair or exhibition.

12. I want my exhibit to be an example of how to accept what life has to offer, both good and not so good, and how to live with and learn from the outcome.
13. I will not be involved in any illegal activities while participating in 4-H and FFA events, including, but not limited to, alcohol, tobacco or drug use.

I agree to conduct myself in an honest, ethical, and upstanding manner, and I understand that disciplinary actions will result if these rules are violated. I understand that I am expected to represent the program in a positive manner. I have read, and I understand and agree to follow this code of ethics and any other rules of competition of the fair or exhibition as printed in its premium book.

GENERAL RULES & REGULATIONS

1. The Calhoun County Exposition is an exclusive 4-H & FFA show. Participants must be members in good standing of either a Calhoun County 4-H club (4th-12th grade) or FFA chapter (9th-12th grade or higher). Each 4-H member

This may be done IMMEDIATELY following the announcement of the winners. These actions are conducted by the Calhoun County Exposition Board and Extension staff in order to provide a safe and fair atmosphere for

all involved. If the sample comes back positive, and a second testing is required, it will be done at the expense of the exhibitor.

GROOMING & SHOWING: *There will be no altering of the natural appearance of the animal;* this includes dyeing. The use of colored adhesives or powders is strictly prohibited. There will be no removing or remedying physical defects by any artificial means. Such actions will be considered as fraud and deceptive.

No unnatural means of providing an animal feed, water or other fluid (i.e. stomach pump, I.V.) will be allowed. The use of natural or synthetic tranquilizers and sedatives is strictly prohibited (i.e., Calm, Ace Promazine, and Thorazine).

SUBSTITUTE SHOWING: 4-H and FFA members must show their own exhibits when in the show ring. The use of natural or synthetic tranquilizers and sedatives is strictly prohibited (i.e., Calm, Ace Promazine, and Thorazine).

Evidence of warts, ringworm, foot rot, pink eye, draining abscesses or any other contagious or infectious condition will eliminate the animal from the show, and it will be sent home.

If animals become sick at the Expo, consult the Expo veterinarian before treatment. Only the Expo veterinarian may administer treatments according to the label instructions of the medicine used.

- Initial vaccination at 8-10 weeks of age.
- Follow with an erysipelas booster 2-3 weeks later.
- Erysipelas vaccination should be repeated 30 days prior to the fair. This is strongly recommended based upon experience with erysipelas in previous years.
- Allow for proper withdrawal times by checking the label.

SHEEP AND GOAT REQUIREMENTS: All sexually intact sheep and goats must have an individual scrapie flock of origin identification tag in the ear.

All of the livestock from a club or chapter will be penned or stalled together in their respective barns.

A committee will tour the barns several times each day to observe the appearance and neatness of the pens of each 4-H Club and FFA Chapter, with the ratings posted daily. At the end of the Exposition, they will determine which 4-H Club or FFA Chapter was the winner, considering all exhibits of each club or chapter.

To receive premiums, all pens, stalls, and alleys must be thoroughly cleaned after the livestock is released. No advertising is permitted; this includes the rabbit and chicken cages.

The contest will be judged on the basis of the scoreboard listed as follows:
